2020 Budget: Jim printed off a copy of the park's 2020 budget for us to go through together and review.

Willow tree: There is a willow tree along one of the trails at Sheridan Park that is close to falling down, the committee will wait until it falls to take care of it and clear it from the trail- it is not a hazard issue to park users.

Power tools: The committee's power tools are now being stored in what was previously the fire department garage.

Coopersville Sesquicentennial: Next year Coopersville celebrates it's 150 year birthday! The town plans to have events for this milestone and the committee has offered Sheridan park as an event site if the town decides to use it.

Pavilion canvas: The committee would like to look into what it would take to have canvas walls available for use at the Sheridan pavilion for events where they are desired. Mikayla will call Anne from Ottawa County Parks as a reference.
