

Polkton Township Park Meeting  
2/17/2022

1. Present: Jim Key, Lavern Andrews, Jerry Grimminck.
2. Jim Key was appointed to the Polkton Township Board to replace Ron Scott. Jim will be the board representative for the Parks Committee. Jay Meerman will now be on the Planning Commission instead of the Parks committee.
3. The Parks committee has been looking for new committee members but at this time no takers.
4. Grant monies for the bridge replacement and the 40 acre woods: The committee will seek direction from the Township board, should we go seek to obtain a DNR grant for both items or just one. Should we continue to use Prien and Newhof or find someone different.
5. North Bank trail: There was a meeting at Coopersville city office to make plans for the bike trail to come thru Polkton into Coopersville. They are discussing the need to hire someone to cut brush along the way. Coopersville has done some trail work near the school and would like to continue more planning for the North Bank Trail coming into Coopersville. Jim Key attended this meeting.
6. South Evergreen School: No word yet on a price for a new well. Hopefully work can start in the spring. The Plumbers and Pipe Fitters training center is still planning on doing the new plumbing for the schoolhouse in the spring.
7. No public comment.
8. Meeting adjourn, 8:PM
